

Straight Knife Cutting Machines

Eastman®

Over a Century of Cutting Expertise

Eastman Straight Knife cutting machines have been the standard of the apparel industry since 1888. Classic in design, with legendary performance and durability, the Eastman Straight Knife cutting machine is unsurpassed.

Blue Streak II Model 629X

- The world's most popular and most versatile straight knife cutting machine.
- Available in all standard electrical configurations, with the largest variety of sizes and blade speeds in the industry.
- Manufactured from superior grade materials in the United States of America.

Brute / Model 627X

- Built to the same exact specifications as our standard model, the Brute/Model 627X is the most powerful straight knife cutting machine manufactured in the world.
- With up to 2.2 hp, the Brute/Model 627X effortlessly powers through high ply applications and heavy weight materials.

Denim Brute / Model 627X Denim

- Equipped with extra long 1-3/4" stroke, Bevel Bloc sharpener shoes, knife slide oiler, wide rollers, lower handle bracket, coarse abrasive belts and round tip blade. This combination of features, along with our precision finished, narrow profile standard, provide the only straight knife cutting machine truly designed specifically for the denim industry.
